Over 2,000 Democratic Precinct Election Boards, 119 Democratic County Election Boards, and a solidly Democratic State Election Board—every one the creation of Mr. Goebel or his agents—certified to the following vote cast at the election held in Kentucky on Tuesday, November 7th, 1890—

William S. Taylor.....193,714
 William Goebel.....191,331
 Taylor's Plurality.....2,383

The Goebel Law is the most fitting monument that GOEBEL could have.

The late Democratic Convention at Louisville was harmoniously harmonious; but just wait till you hear from the gathering at Lexington when the fight comes up on the nomination for Governor.

In order to save as much of the bacon as possible, the Democratic State Convention added four to the list of Delegates from the State-at-Large to the National Convention, giving each Delegate one-half a vote. If this had not been done Mr. POYNTEZ's name would have been DENNIS; and CHARLIE realized that a half a vote is better than no pie at all.

AN Indianapolis telegram says Attorney General W. L. TAYLOR of Indiana announced that he had discovered a flaw in the indictment against Governor W. S. TAYLOR of Kentucky. The Attorney General says the Kentucky indictment names the Republican Governor as an accessory, but names no principal in the assassination of GOEBEL. This he holds to be an important error, of which the Kentucky Court of Appeals must take cognizance. Why, bless your soul, Mr. Attorney General, it wasn't intended to name any "principal" in the killing of GOEBEL. The conspirators just took a crack at all creation, and the Republican party in particular, so they named five men "or some other unknown man" who fired the single shot that killed the Covington Senator.

The Annie L. has 19 barges in her tow.

The Bonanza will be the Pomeroy boat tonight.

The Queen City will pass up tonight for Pittsburgh.

The Henry M. Stapley will pass down for Cincinnati tomorrow morning.

If only a barge stage of water should materialize at Pittsburgh on the present little freshet, 8,000,000 bushels would be sent South.

There is more coal loaded at Pittsburgh ready to go South than there was last December. The latest estimate of the amount of coal waiting shipment is 600 barges and 450 coalboats, containing, approximately, 19,630,000 bushels of coal. These figures are not official, but are from a reliable source. All of this product belongs to the Monongahela River Consolidated Coal and Coke Company.

The Big Sandy river improvements form the subject of an important report by Captain H. F. Hodges, Corps of Engineers, U. S. A., of Cincinnati. This river is formed by the junction of Tag Fork, navigable for 60 miles, and Levisa Fork, navigable for 100 miles, and is itself about 27 miles long. Although the season of navigation is now but four to eight months, the commerce is quite large, amounting to 415,000 tons of freight and 24,000 passengers in 1898. The improvement of the river is expected to develop this commerce very materially by opening up the rich coal fields of Kentucky and West Virginia through which the two forks run. Some grades of this coal are already widely known. The recent geological studies made in the region by Prof. C. Newton Brown, and described in detail in an appendix to Captain Hodges's report, show that the undeveloped coal beds in this region are of great importance.

NEWS IN KENTUCKY.

FAILED TO FIND HIM.

A Posse Searched for John Powers, Wanted in Connection With the Goebel Assassination.

Barbourville, Ky., June 16.—An unsuccessful attempt was made to arrest John L. Powers, under indictment as an accessory to the murder of Wm. Goebel. A posse quietly formed and left town for the home of Powers' brother-in-law, on Poplar creek, but a runner had been sent out ahead, and Powers had left the house when the posse arrived.

Despite Powers' action, his attorney, F. D. Sampson, said that Powers is not evading arrest, but is willing to intrust his case to a fair and impartial jury at any time. Mr. Sampson declares that no one has any authority to arrest Powers, who has been pardoned by Taylor. Sampson says those who engaged in the raid would be prosecuted.

TWO GEORGE WASHINGTONS.

One of Them Arrested, Charged With Trying to Get the Pension of the Other.

Lexington, Ky., June 16.—George Washington, colored, was arrested here by Deputy United States Marshal Con McCarty on the charge of making alleged false application for a pension when not entitled to it. He was sent to jail in default of \$1,000 bond.

The case is a singular one. A white man of the same name applied for a pension, which he was entitled to. While the case was being looked into it is alleged that the pension department received orders to change Washington's mail to another street. It is supposed that the Negro got hold of the white man's mail. As a result the two Washingtons appeared before the medical examining board, by which it was discovered.

Tried to Get in Taylor's Room.

Lexington, Ky., June 16.—From a letter received by Capt. G. S. Sharp, of this city, from Secretary Finley, at Indianapolis, it is believed a scheme to gain clandestine entrance into Taylor's and Finley's apartments in the Denison hotel has been unearthed. The letter stated that a bellboy informed them that while out Capt. Sharp, their warm friend, had called to see them. Capt. Sharp has not been in Indiana in two years. He thinks it was a ruse to kidnap them, and has written to Taylor about it.

Damage Done By Rains.

Princeton, Ky., June 16.—Heavy rains during the past 36 hours have wrought great damage to crops in Western Kentucky and caused heavy loss to farmers. At this place there has been two feet of water in many of the business houses and homes, and the damage in this immediate vicinity is estimated to be at least \$100,000. The wheat crop in Western Kentucky has been completely ruined.

Judge W. E. Russell Dead.

Lebanon, Ky., June 16.—Ex-Judge W. E. Russell died at his country home of heart failure, after a long illness. He served as captain in the Mexican war, was for many years a prominent member of the Lebanon bar, supreme president of the Catholic Knights of America for several years, and served a term as circuit judge in this district. He was 70 years of age.

Postmaster Missing.

Paducah, Ky., June 16.—The post office department has been notified to send an inspector to Ragland post office, this county. Richard Lewis, the postmaster, had two \$100 orders cashed Saturday, one at Metropolis, Ill., and one here, both assigned to himself. He then skipped. There is no such man here as the one to whom the order was made out.

Washouts Delay Trains.

Henderson, Ky., June 16.—During the past 15 hours 3.50 inches of rain fell here. Farmers report immense damage to crops, wheat especially suffering great damage. There were heavy washouts near this city on the Louisville, Henderson & St. Louis railroad, all trains being delayed.

Stabbed By His Playmate.

Lexington, Ky., June 16.—In a boyish quarrel Arthur Creekbaum, 14 years old, was stabbed by Edgar Wallace, a playmate. The wound is near the heart and considered dangerous. Creekbaum is a brother of the Lexington soldier boy who was recently wounded in the Philippines.

Overstudy Killed Her.

Cynthiana, Ky., June 16.—The remains of Miss Russell Brown, who died at Los Angeles, Cal., have arrived here for burial. Miss Brown possessed rare gifts as a pianist, and had been studying in California, but overstudy induced nervous prostration, to which she succumbed.

Mining Companies Indicted.

Hopkinsville, Ky., June 16.—The Christian county grand jury returned indictments against five large coal mining companies and eight local dealers, charging them with extorting money from the public by unlawfully combining to maintain advanced prices of coal.

Buried Together.

Louisville, Ky., June 16.—Side by side in the little cemetery at Jefferson, Ky., Thomas Bach and his adopted daughter Mollie, the one a suicide and the other a victim of his jealous rage, were laid to rest.

Removed for Safe Keeping.

Valleyview, Ky., June 16.—William Riley, aged 16, who struck the 12-year-old son of McClellan Richardson on the head with a club, was taken to Richmond for safe keeping. Richardson may die.

P. F. Adams, Jr., local editor of The Semi-weekly Pantagraph, and Miss Pearl Gentry, daughter of Mr. and Mrs. R. L. Gentry, were married at Richmond this week.

THEY ALL SAY SO.

Not Only in Maysville, But in Every City and Town in the Union.

If the reader took the time and trouble to ask his fellow-residents of Maysville the simple question given below he would obtain the one answer. If he would read the statements now being published which refer to this answer it would surprise him to note that they number so many. As many more could be and may be published, but in the meantime ask the first person you meet what cures backache. The answer will be Doan's Kidney Pills. Here is a citizen who indorses our claim:

Mrs. Willard Nichols of 251 West Third street says:

"The result of the use of Doan's Kidney Pills proves them to be a most valuable remedy. Relief from backache follows from the first dose, and a positive cure is effected in a short time. Mr. Nichols also used Doan's Kidney Pills with the best of results, procuring them at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets."

For sale by all dealers; price 50 cents a box. FOSTER-MILBURN CO., Buffalo, N. Y., Sole Agents for the United States.

Remember the name—DOAN'S—and take no substitute.
